## Installation Instructions for 2005 - 2009 LED Rear Side Markers

**Contents:**

(2) LED Side Markers

**Tools Required:**

Phillips Screw Driver

**Step 1\\**

Begin by removing the (2) phillips screws on each side of the rear bumper.

**Step 2\\**

Gently pull the corner of the rear bumper away from the vehicle exposing the side marker light. Press in the tab to release the light from the vehicle, and unplug the harness.

**Step 3\\**

Plug in the factory harness into the Axial light, and snap the light into place. Gently push the bumper back in place, and reinstall the factory screws.
