

**Contents:**

(1) Pair Quad Tips

(8) M6 Screws

**REQUIRED:**

Phillips Head Screw Driver

## **Rectangular Exhaust Tips (398118) Rear Diffuser**

Begin by locating the mounting locations for the Quad Tips.

Secure the Quad Tips to the mounting locations using the provided screws. Do not fully tighten screws.

Center the Quad Tips and then fully tighten the screws from the previous step. **\*\*Note:** Do not over tighten the screws. Doing so can pull the threads out of the bosses.
