

QUARTER WINDOW LOUVER

(2015-2020 MUSTANG ALL)

INSTALLATION INSTRUCTIONS

CONTENTS

- (1) LH Quarter Window Louver
- (1) RH Quarter Window Louver
- (2) Alcohol Pads
- (2) Adhesion Promoter
- (1) 72" Roll of Tape

TOOLS REQUIRED

- Glass Cleaner
- Microfiber Towel
- Utility Knife or Scissors

STEP 1

Begin by thoroughly cleaning the quarter window glass. Ensure the surface is free of any and all dirt, grease, oil, and silicone based products.

STEP 2

Using the supplied alcohol wipes, wipe down the quarter window tape surfaces and the quarter window glass. Once the alcohol is dry, apply the adhesion promoter to the tape surfaces on the louver. Allow the adhesion promoter to dry.

STEP 3

Once the adhesion promoter has dried, trim and install the supplied tape as shown.

STEP 4

Before removing the tape's backing, test fit the louver on the window to familiarize yourself with how/where it fits the best. Ensure the window is clean before removing the tapes backing. Carefully install the louver onto the vehicle. Apply firm even pressure to the tape surfaces to ensure proper tape adhesion.
