

Contents:

(1) Pair Quad Tips

(8) M6 Screws

(8) M6 Washers

REQUIRED:

Phillips Head Screw Driver

Quad Exhaust Tips (406733) Rear Diffuser

1

Begin by locating the mounting locations for the Quad Tips.

2

Secure the Quad Tips to the mounting locations using the provided screws & washers. Do not fully tighten screws.

3

Center the Quad Tips and then fully tighten the screws from the previous step. ****Note:** Do not over tighten the screws. Doing so can pull the threads out of the bosses.
