

## 2013 Headlight Splitters

Before beginning, thoroughly clean the headlight lens surfaces to make sure they are free of any dirt or contaminants.

Be sure to use the Alcohol Prep Pads and 3M Adhesion Promoter Pads as instructed.

### Contents:

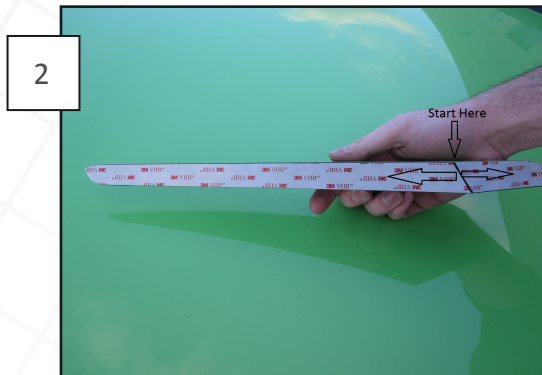

- (2) - Headlight Splitters (Left & Right)
- (1) - Tape Kit
- (2) - 3M Adhesion Promoter Pads
- (2) - Alcohol Prep Pads

Using the supplied alcohol prep pads, thoroughly wipe down the back of the head light splitter and the center of the headlight lens where the splitter will attach. Once the alcohol has dried, repeat above steps using the included 3M Adhesion Promoter Pads.

Remove the backing from the 3M tape and install the splitter onto the headlight. Start by aligning the outside edge in the center of the small reflector as shown.

Starting from the rear transition edge of the splitter, install the provided 3M tape as shown.

Rotate the splitter down until it meets the grille surround of the bumper cover. Repeat steps 1-4 for the opposite side.
