Thank you for purchasing a quality MBRP Inc. Performance exhaust product.

This exhaust system has been designed, tested and built here at MBRP Inc. It was produced to give years of trouble-free service as well as the added performance you have come to expect from MBRP Inc. All exhaust systems pass through our quality control personnel before packaging. Your system has been packaged and is completely ready to install upon receipt. Thank you for choosing MBRP Inc.

IMPORTANT:

Installation of this product indicates that the buyer has read, understands and accepts the terms of the product warranty and liability disclaimer. MBRP Inc., its distributors, jobbers, and dealers will in no way be responsible for the products proper use and service. The buyer hereby waives all liability claims.

The seller assumes no liability regarding the improper installation or misapplication of its products. It is the installer responsibility to check for proper installation and if in doubt contact MBRP Inc. Under no circumstances will the seller be liable for any damage or expense incurred in diagnosis for defects, removal, or reinstallation of this product or any other contingent expenses.

Please ensure that you have received all components as described / listed in the instructions provided. If any components are missing, it must be reported to the point of purchase within 24 hours of receipt of this merchandise. All damaged merchandise must be reported to the carrier immediately, within 24 hours upon receipt of the goods. You will be required to provide a claim report to the carrier prior to contacting your account manager within two days. MBRP Inc. will not be responsible for any claims after three days of receipt of goods.

Caution !! Never work on a hot exhaust system. Serious injury or burns can result from working with a hot exhaust system. Please allow the appropriate cooling time before beginning installation. MBRP Inc. recommends that all exhaust systems and accessories be installed by a trained automotive technician. Please use the appropriate tools, equipment, eye protection and safety measures. Take all necessary precautions to ensure a safe installation.

All warranty claims are to be handled directly with the manufacturer. Included with your MBRP Inc. performance exhaust is a warranty card. Please read it carefully before you begin installation. If you have not received a warranty card with your purchase please call 1-888-636-7223. If you have any questions or concerns regarding the warranty of this product, please call and speak with one of our customer support representatives before installation of exhaust system.

MBRP Inc. reserves the right to change or update these policies at any time.

In the event that the buyer does not agree with the terms listed above, the buyer may return the product in a new and unused condition, with a dated proof of purchase, to the original point of purchase within ten (10) days from the date of purchase for a refund.

The installation of this product indicates that the buyer has read and understands this agreement and accepts its terms and conditions.

PLEASE READ BEFORE STARTING INSTALLATION

While MBRP Inc. has made every effort to ensure that all components of this system are of superior quality and properly packaged, it is the installer's responsibility to ensure the following before removal of the factory exhaust:

- that ALL components shown above are present.
- that ALL mating components fit together.
- that there are no damaged components.
- that the system you have purchased is appropriate for your vehicle year, model and configuration.
- that the system will not interfere with any modifications previously installed or planned.
- that you have read and understand these instructions.

If you have any questions or are uncertain about any aspect of the installation of this system to your vehicle please contact your dealer before commencing installation.

Figure 5

2011-2014 Mustang GT5.0 Street Series Cat Back

Removal of Stock System:

1. Apply a penetrating lubricant liberally to all exhaust fasteners, hangers and rubber insulators.

2. Loosen both OEM clamps located at each muffler inlet, and both OEM band clamps at the H Pipe outlet. Lift the lock tab to slide the band clamp rearward. Do not discard these clamps.

Refer to Figures 1 and 2.

3. Remove the OEM over axle pipes by lowering the inlet ends and pulling them out towards the front of the car.

4. Remove both M10 bolts that secure the Panhard Bar Brace to the Driver Side Frame rail. Pull the brace downward to allow more room to remove the OEM mufflers. Slide the rubber isolator off the rearmost muffler hangers, then slide the muffler assemblies forward to remove them from the car.

Refer to Figure 3.

Installation of MBRP Inc. Performance Exhaust:

1. Install the **Driver Side** and **Passenger Side Mufflers** by inserting the 2 forward hangers into the OEM isolators and sliding the muffler forward followed by inserting the rear hanger into the rear OEM isolators.

Refer to Figures 4 and 5.

Figure 6

2. Install both **Driver** and **Passenger Extension Pipes** over the axle and insert into the **Driver** and **Passenger Mufflers**. Be sure that the supplied **Clamps** are installed over the joint. Do not tighten yet. Refer to **Figure 6**.

Figure 7

3. Connect both **Driver** and **Passenger Extension** pipes by first installing the OEM band clamp removed in Step 2 onto the inlet ends of the **Extension Pipes**. Slide the **Extension Pipes** onto the outlet ends of the H pipe. Do not tighten yet. Refer to **Figure 7**.

4. Tighten all clamps just enough to hold the pipes in place but allowing for adjustment.

Figure 8

5. Reattach the Panhard Bar Brace to the Driver side Frame rail with the supplied **M10x50 bolts** and **Spacers** to allow more clearance for the **Driver Side Extension Pipe**. Install the **Tips** onto the Muffler outlets. Refer to **Figures 8 and 9**.

6. Adjust the system to provide clearance between all other under body components and hoses while ensuring the **Tips** are centered in the rear Fascia. Tighten all clamps once properly adjusted.

Figure 9

Congratulations! You are ready to begin experiencing the improved power, sound and driving excitement of your MBRP Inc. performance exhaust system. We know you will enjoy your purchase.
