

## 2010-2012 DECKLID PANEL

### BEFORE BEGINNING

Be sure to thoroughly clean the trunk lid area before installation, this will ensure a clean and secure adhesive bond.

**ESTIMATED TIME** 30 Minutes

1

Using the supplied alcohol pad, wipe down the perimeter of the trunk lid where the tape will contact.

3

Once you have lined up the decklid panel, press firmly to set the adhesive tape.  
\*\*\*The panel should be flush with the left and right edges of the trunk lid, and parallel with the top crease.\*\*\*

2

Peel the backing off the tape and line up the decklid panel on the trunk lid.  
\*\*\*It may help to test fit the decklid before peeling off the backing of the tape so you can see how everything is going to line up before the final installation.\*\*\*
