

## 2005-2009 Mustang Painted Mirror Covers - Installation Instructions

The below installation instructions work for the following products:

- [2005-2009 Mustang Painted Mirror Covers](#)
- [2005-2009 Mustang Mirror Covers - Unpainted](#)

Please read through the instructions carefully before starting this project. Take the time to get all the materials together as well as all the safety equipment.

### Note:

Using the supplied alcohol prep pads, thoroughly clean the inside of the mirror cover where adhesive tape will be applied, as well as the surface of the vehicle where the mirror cover will be applied.

**Installation:**

1. Apply the supplied adhesive tape to the outside edges of the mirror cover, making sure that it is not extending past the edges. Placing the adhesive tape in the corners, as well as the edges will ensure a proper fit.

2. Peel the backing from the adhesive tape on the mirror cover.

3. Lightly place the mirror cover over the mirror, taking care to align the cover in the corners properly.

4. Once the mirror cover is in the desired location, firmly press down on all the surfaces where the adhesive was applied, to ensure a proper fit.

5. Repeat all the steps for the remaining mirror cover to complete installation.
